

Early Girl Plus Tomato

- Plant in Sun  (at least 6 hrs of sun)
- Space 24-36" (61-91cm) apart
- Grows 72-84" (183-213cm) tall by 24-36" (61-91cm) wide
- Water regularly and try to water early in the day so that plants will dry off before evening. Tomatoes prefer regular feeding once the fruit sets, but too much early in the season will grow a large plant with fewer tomatoes. Mulching helps ensure an even supply of moisture. Make sure you cage or stake to keep plants from falling over for the best success.
